## Pathology Department

---

Through its vast medical services, expert staff, progressive medical technology and country-wide network facilities, Emirates Hospital, an Emirates Healthcare Company, aims to provide a consistent, cultivating world of health, catering to the real-time medical needs of patients, in a cost-effective way.

---

The Department of Pathology at Emirates Hospital is one of the top innovative and future-oriented laboratories in the GCC.

The Department is fully equipped with the state-of-the-art-automated technologies. It performs the most advanced, complicated tests and screenings, with the mandate to provide quality, cost-effective investigations under the management and supervision of highly qualified staff.

The Emirates Hospital team takes ownership of your care, monitoring your complete patient journey from initial diagnostics and advice to successful treatment whilst providing a personal service and continuity of care at the highest standards you expect and deserve.

Our expert clinical pathologists help us offer a diversified range of pathology services including:

- **Haematology:** All investigation related to bone marrow aspiration and examination, investigation of all types of anaemia, investigation of all types of coagulation defects
- **Clinical Chemistry:** All types of blood chemistry, hormones, semen analysis, intrauterine insemination (IUI)
- **Microbiology:** All types of bacterial culture and sensitivity testing and fungus examination
- **Immunology:** Human leukocyte antigen (HLA) typing and culture
- **Immunohematology:** All investigation related to blood banking and cross matching
